2018 RMMBC Operating Sessions

Regular Operating Sessions – pick ONE

Friday afternoon

Saturday Evening

I wish to be added to the wait list for the op session I have not selected above.

OR

TT&TO Learning Sessions; Mike Chandler Western Midland Railroad

The Timetable & Train Order (TT&TO) learning sessions are specifically designed for registrants that have limited knowledge on how this prototype operating strategy actually works. These sessions will combine some “classroom” time with actual hands-on layout experience. There will be numerous home crew mentors to help everyone have fun and learn about this popular operation methodology. Please remember that the TT&TO sessions will be offered during the same time slots that the regular operating sessions are offered and space is limited, therefore, out of town registrants will be afforded priority if space fills up.

Pick one:

Friday afternoon learning session

Saturday evening learning session

If you possess some knowledge of TT&TO but still wish to operate on Mike Chandlers layout, each session will also require 2 yardmasters – some experience required – check the box below if this option is preferred.

I wish to be a yardmaster during my selected session

How did you hear about the meet?

What sigs or groups do you belong to?

Make checks payable in Canadian \$ to **7th division PNR, NMRA** or pay online at <http://railwaymodellersmeetofbc.ca/onlineregistration>
