**Bulletin Board**

The BULLETIN BOARD is published six times per year as follows:

Submission	Mailing	Month
Deadline	Date	
November 15th	December 15th	Jan/Feb
January 15th	February 15th	Mar/Apr
March 15th	April 15th	May/Jun
May 15th	June 15th	Jul/Aug
July 15th	August 15th	Sep/Oct
September 15th	October 15th	Nov/Dec

The BULLETIN BOARD is distributed to all Seventh Division members in good standing. Editorial opinions and those stated in articles do not necessarily reflect those of the Seventh Division Standing Committee.

CONTRIBUTIONS of Letters, Articles, Event News, Plans, Photographs and Art are encouraged and welcomed and may be sent to the BULLETIN BOARD Editor:

ADVERTISING in the BULLETIN BOARD is accepted at the following per issue rates: Full Page = \$48.00, Half Page = \$24.00, Quarter Page = \$12.00, Business Card = \$6.00,

Artwork should be supplied in the appropriate size. There may be an additional charge to complete artwork that is not camera ready. Please mail your artwork and remittance, payable to the "7th Division PNR/NMRA," to the Editor's address listed above.

## Timetable

Siskiyou Summit 2012 Joint Convention. Pacific Northwest Region & Pacific Coast Region / NMRA. Red Lion Hotel Medford, 200 N. Riverside Avenue. Info:- [www.pcrnmra.org/conv2012/](http://www.pcrnmra.org/conv2012/)

To add your activities to the Switchlist Timetable or PNR web page, contact the Timetable Editor, Mark Johnson at (780) 436-2480, [timetable@pnr.nmra.org](mailto:timetable@pnr.nmra.org)

**AP Corner**

**Russ Watson**

**Adrian Noble switches at Stanley on the On30 North Cariboo Railway**

Unfortunately there is nothing to report in the way of AP activity in the 7th Division. Hopefully a lot is happening that I just haven't heard about yet.

I've been busy building turnouts and laying track. I held my first operating session on May 3rd, which went quite well. That's easy for me to say, I just had to dispatch. There are a few things to correct for improved sessions, however no major track realignment was suggested!

I'll be travelling quite a bit this summer, so email will be the best way to contact me <[russwatson@telus.net](mailto:russwatson@telus.net)>. If I haven't replied though after several days, it is because we don't have WiFi service. I will eventually reply though.

In the mean time, if you're not really sure what the AP is all about, check out <<http://www.nmra.org/education/achievement/>> or give me a call, I'd be happy to chat about it with you.

Lastly, a reminder that you don't have to wait for a meet to happen to be able to have your AP work assessed, I can usually arrange to have that done between meets, please contact me.

Happy modelling!

**Superintendent's Report**

**Gary Hazell**

Things are finally settling down for me. On our way home from Arizona I had an accident and damaged the box on our truck (which has now been repaired). We visited Tim & Donna Anderson of Nginneering in Battle Ground, WA and saw his new Pick and Place machine. My Donna was also able to attend a Sorority function with Tim's Donna. After returning to Salmon Arm we cruised to Alaska for 14 days with Donnas' sister and husband and 13 of the days were sunny. We also went to Juniper Beach Provincial Campground (between Cache Creek and Savona) for a train fix with 9 other Salmon Arm club members/friends and we just returned yesterday from Donnas' 50<sup>th</sup> reunion at John Oliver High School in Vancouver.

Needless to say I have not done much modeling since returning home.

As you know the National NMRA Convention is happening (happened-Editor) in Sacramento July 3 -10. I know of at least 13 that are going from the 7<sup>th</sup> Div.

Hopefully we will get some pictures and I am asking the rest of you to send Eric anything as the contributions to BB have dropped very badly. As you read in Eric's report he is really short of material. If he doesn't have input from us it makes it very difficult to produce. He said to me the other day "it is becoming the Salmon Arm Bulletin"

**Alaska Railroad 0-4-0**

**Photos Gary Hazell**

**NMRA InfoNet**

- This year's Sacramento convention **attendance topped the 2,000 mark** -- the continuation of an upward attendance trend.
- The folks at the NMRA Membership Booth at the National Train Show signed up **243 new members in three days!**
- Many of the clinicians at the Sacramento convention have **uploaded their handouts or full presentations** as PDF files to the x2011 website at [www.x2011west.org](http://www.x2011west.org). Anyone can download them. Just look for the Clinics tab, then Clinic Handouts.
- Based on two big proposals for the 2015 National NMRA Convention, the Board of Directors selected **Portland, Ore. as the winner**. Details and exact timing of the convention will be announced in the coming months.
- The "Carpet Cutting" at the California State Railroad Museum in Sacramento marked the **official start of fundraising for a scale model railroading exhibit** in the museum's Gallery area. No NMRA dues or regular revenue streams will be used to fund this project, so its construction will rely entirely on donations. For more details about the Gallery Exhibit, see the article in the May 2011 issue of *NMRA Magazine*.
- The Board continues to review the **timing of all future conventions**. While a mid-summer date has been traditional because of lower hotel and convention center rates over the July 4 weekend, many NMRA members have voiced the concern that it conflicts with family functions. Constructive suggestions may be directed to the Convention Committee, headed by Pacific Director Peter Jensen.

For a complete summary of the Board of Directors meeting, visit the homepage of our website at [www.nmra.org](http://www.nmra.org) in the next few weeks. The report will also be published in *NMRA Magazine* in the near future.

**7th Division Video Library**

**Don Gooch**

Please phone, write, or Email to request the tapes you would like to borrow and they will be mailed to you prepaid. After use, you are required to mail them back 'Proof of Delivery with \$100 insurance.' Please keep your return postage receipt for tracing purposes in case the tapes are lost in the mail. Check your membership expiry date on your Bulletin Board mailing label. If it has expired, please renew it now using the instructions above before requesting to borrow tapes. The library address is:

**Juniper Beach Railfanning**

**SAMRA**

A selection of photos from the Salmon Arm Model Railroad Association camping and railfanning trip to Juniper Beach. Below is an excerpt of the BC Parks description for this Provincial Park

Juniper Beach was established as a Provincial Park in 1989. The park protects a representative desert landscape which contains sagebrush, prickly pear cactus and of course, juniper. Part of the landscape includes deep post-glacial deposits and large scale erosion features. It is a convenient overnight camping spot for travelers on Hwy #1 and provides access to the Thompson River. Both CNR and CPR railway tracks run by the park and provide an attraction to train-buffs. This park is also a popular base camp for visitors enjoying boating, fishing, photography and touring historic Hat Creek Ranch and Ashcroft Manor, both nearby.

On the north shore of the Thompson River, 19 km east of Cache Creek on Hwy #1. The closest communities, towns and cities are Cache Creek and Savona.

**NMRA Canada Calendar**

Your help and support is required to keep the NMRA Canada annual calendar program going. It seems this year we have not had an abundance of photos sent in to fill the calendar months plus the number of members wanting these calendars is down from previous years. In order to complete this years calendar and future calendar endeavours we need your support.

So please look at your photos or create a new photo and send them in as soon as you can. Here is a contact for your submissions: Canrail Calendar [<mailto:canrailcal@live.ca>]. And please, order your calendars early.

**Orders (pre-paid) for calendars** are handled in one of three ways.

- 1). Complete the calendar order line on the renewal notice and include it in the total amount of the renewal payment. Use any one of the three ways to pay that appear on the renewal notice.
- 2). Use the [www.paypal.ca/sendmoney](http://www.paypal.ca/sendmoney) feature to send full payment for the number of calendars being ordered and include the member's name and NMRA ID number in the comment field.
- 3). Jot a hand written note indicating how many calendars are being ordered, member name/address, credit number and expire date and fax it to **519-836-1718**.

The continuation of this program for NMRA Canada is in doubt. We need your help and support to carry on this worthwhile endeavour. It is for us to step up and keep this truly Canadian program going.

Thank you for time and consideration in this matter.

Ron Einarson  
NMRA Canada President

Email: <mailto:ron.einarson@pwgsc.gc.ca>

**Editor's Desk****Eric Reynard**

Well late again and no really good excuse. I must admit some of the lack of speed in getting out the BB is generally the lack of content of late. You will notice and Gary noted above in his report that this Bulletin is in danger of becoming the Salmon Arm Bulletin Board. Almost all of our picture submissions this month are from members of SAMRA and I know lots more of you have digital cameras and take photos of models and prototype. As I did last issue I encourage you all to send in even small items of interest, reports on what you are currently modelling or watching on the rails. You don't know what you might spark in someone else with a small article on what you are doing. AS an example the article following is from an email from John Green on his trip to the NMRA Convention. I look forward to his further reporting on this event. Next issue we will also have a report from Gary Hazell as well as he and Bob Gardner from SAMRA travelled by train to Sacramento.

Thanks for all who have provided information and the past and I look forward to submissions from new contributors in the future.

**Sacramento Report****John Green**

Sharon and I enjoyed a super time at the NMRA convention X-2011 West the LD SIG and OPs SIG opportunities were amazing. total registration including day passes over 2,000.

I will select some of the better Photos and send these out later.... once I get the best selected from all those I took...

Estimated 20+ attended the convention from 7th Division. Kyle Gardiner did really well in the Model contest with some of his O scale models..

The LDSIG banquet in the California State Railway Museum was an amazing experience. 160 members sat down for a buffet right on the locomotive floor after we ate, - we had two speakers Two Speakers Bruce Chubb spoke about the new Sunset Valley Oregon Division layout and shared details about the upcoming 2112 NMRA convention at Grand Rapids Michigan. Then Don Mitchell gave an amusing and entertaining speech about his experiences of layout design.

I wish someone had videoed this.... I really enjoyed it.

As always some interesting clinics and a contest room full of excellent and great models.

LD SIG tour had 19 model railroads to view - Mike Chandler John Saxon from Australia and I carpoled and managed to attend about 9 of these in 13 hours.

I was able to enjoy operating sessions on four great layouts while Sharon terrorized the local quilt shops!!!!

She found a really excellent one in Livermore California .. Just Trains in Concord was probably the best of the hobby shops...

We are now up at our usual rental cottage for a week with Son Tim and our Daughters in law. Unfortunately Chris had to work ;-(...

We are enjoying some quiet and relaxation after two very busy but most enjoyable weeks in California....

**Member Aid****Bob Gardner, MMR**

Please forward your modelling inquiries c/o Editor Eric and we'll pass them on to some of our many experts for "aid". In the meantime, a few tips and suggestions:

From SAMRA locomotive guru Mike Beltz, some tips on improving loco performance.

Periodically clean the gear with a pipe cleaner, either dry or dampened with Varsol. On brass engines, access is gained by removing the cover plate while on Athearn engines the gears are in the open. Then apply a small amount of plastic-compatible grease to the clean gears.

On another subject, obtain a self-healing cutting board from your nearest quilting or sewing shop. These boards, available in many sizes and colours, make cutting of model materials safe and easy. Many are marled off in squares to aid in making straight cuts.

More tips next time.
