

South Island, Shawnigan Lake South – by Ted Alexis

Just a short note about our area of South Vancouver Island.

We are now preparing for our Railway Show for 2017. Contracts are all signed with our venue people and our poster will be ready soon.

The show will be held on May 28th 2107 at Juan de Fuca Rec. Centre.

One of our club groups CFB Esquimalt have been operating for a few months over the summer with their N Trak layout at Heritage Acres in Central Saanich.

The HO Victoria Model Railway is actively looking for space to run through November and December in the Downtown Victoria area for Christmas.

Locally our next display will be at Can West Mall in an overall Hobby Show in February. I think at this time we are just trying to keep our hobby alive.
