

Publicity Coordinator Report 2021

There is very little to report this year as we have had no events that we could attend.

I have forwarded several items through the 7th div exchange, expecting these would interest the membership.

There have not been any events to attract the public and no opportunity to attract new members in that way.

I am still serving as the NMRA Canada, Director At Large - BC. We meet, via Zoom, usually on the Third Monday, each month. Please advise me of any issues you would like me to bring up. A week in advance would let me get the item on the Agenda.

NMRA Canada e-bulletins have been issued, but not on a regular schedule. If you are not receiving copies, make sure your email address is up to date at Headquarters.

Anyone looking for an opportunity to volunteer?
